LVSA was primarily an importer and distributor of industrial valves, pipes and fittings. We soon grew to be the largest stockists in Africa. It has always been the vision of our CEO to manufacture our own range of valves. In 2018 we realized the need to have local valve manufacturing facilities in South Africa. LVSA then began its journey to design and manufacture our own range of industrial valves.

Our Foundry delivers tailor-made solutions for products and our manufacturing facility covers an area of 24000m2 land and 12000m2 under roof with our distribution and repair centres in Durban, Johannesburg, Cape Town and Mozambique. This ensures our clients receive faster and more efficient delivery nationwide.

Our vision is to become South Africa's leading valve manufacturer with our advanced manufacturing plant located in KZN, SA. We currently service the local and African Market in accordance to national & International standards and specifications.

Our mission is to design, manufacture and market quality products at competitive prices without compromising standards and quality. We always pursue new technologies to stay at the forefront of the industry in the global arena. LVSA is a company with a commitment to excel as we have the right mixture of infrastructure and capability to deliver the best to our clients.

LVSA has always been a community-based company that strives to see growth in our community. In addition to a range of community-based outreaches we now also offer skills training at our training centre, where learners can become experienced valve technicians.

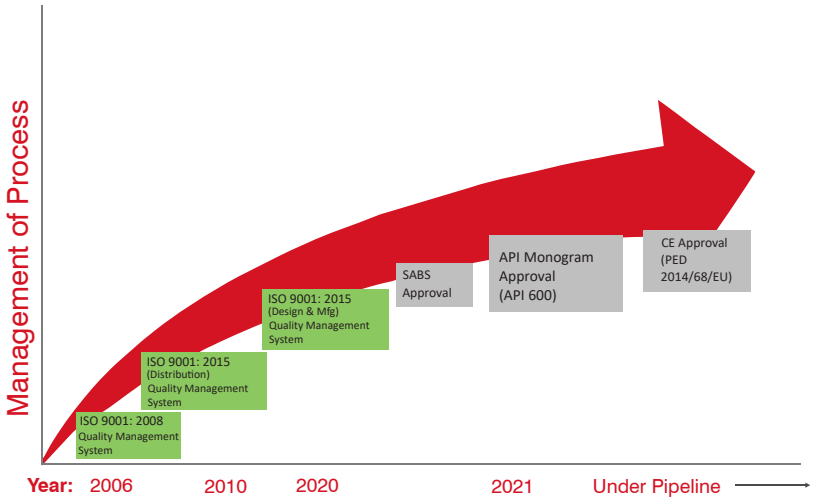
LVSA is able to provide a complete solution with a fully traceable in-house quality control system. LVSA Group has a proven track record of consistent quality, reliability and performance. LVSA has been acknowledged by EPC / EPCM contractors and end-users as a 100% local manufacture of high quality industrial valves.

Our product range covers many categories such as Gate, Globe, Check, Ball, Butterfly, Resilient seated gate valves, metal seated gate valves, Knife Gates, Diaphragm, Air release, Sleeve valves and many more. Our product range used in a vast number of industries like water & waste, oil and gas, sugar, power, petrochemical and other general industries.

LVSA Group is proud to be 100% local manufacturer, 100% black owned company and a Level 1 BBBEE company.

QUALITY STATEMENT

We are an ISO 9001:2015 company, certified to design, develop, manufacture, and supply industrial valves. This ensures that the highest standards and specifications are met. Our objective is to design, manufacture and market quality products at competitive prices to the satisfaction of the customer and to attain market leadership through continual improvement.



The in-house quality assurance and quality control capabilities are benchmarked to global standards

The quality of our raw materials are ensured by a stringent supplier qualification system. NDT methods are employed to qualify samples and pilot lots, and surveillance audits are carried out to ensure compliance.

The Directors

LV SA GROUP (PTY) LTD Reference AFF: 15/03/2021/001

RE: CONFIRMATION OF B-BBEE STATUS

Based on the sworn affidavit and supporting documentation by the measured entity, the following are confirmed:

- The total revenue for the latest verified period was less than R 50 million
- The measured entity is 100% black owned and 0.00% black female owned

The Amended Codes of Good Practice, Government Gazette 36928, defines the measured entity as a :

QUALIFYING SMALL ENTERPRISE: LEVEL 1
PROCUREMENT RECOGNITION: 135%

Company Information:
Entity Name: LV SA GROUP (PTY) LTD
Trading Name: LV SA GROUP
Registration Number: 2002/030336/07
VAT Number: 4910209271
Address of Registered Office: 46 Kindon Road, Robertsham, Johannesburg, South Africa.
Black Ownership: 100%
Black Female Ownership: 0.00%
Empowering Supplier: Yes
Enterprise and Supplier Development Beneficiary: Yes
Date of affidavit: 10/03/2021
Expiry date of affidavit: 09/03/2022

Although the abovementioned is the current level of turnover and is closely related to the economic indicators, it may be more or less in future. Consequently, this letter does not serve as a guarantee that the turnover reflected will continue at the same levels.

The procedures followed to determine the percentage of black shareholding and turnover does not constitute an audit or independent review. The information contained in this letter, supported by an affidavit, has been provided by the measured entity. We do not accept or assume responsibility to anyone other than **LV SA GROUP (PTY) LTD** for our work, for this letter, or for the conclusion we have reached.

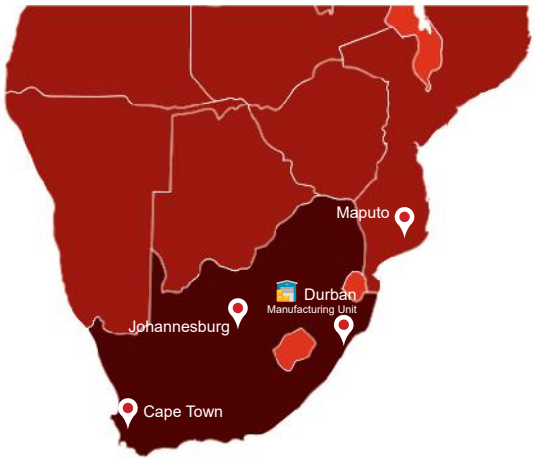
CAPABILITIES & SERVICES

As a proudly South African manufacturer we can offer our clients tailor made solutions.

Lastly, by reviewing the clients system requirements and aiding them in their Valve Selection Process, we can help our clients Capitalise on maximum benefits.

WHAT WE OFFER

- A Full Service Modification Shop with Engineering Support.
- A Capital Project Management and Support.
- Technical Support for Contracts and EPC's.
- Project and Inventory Management.
- Valve Modification and Refurbishment.
- Stock holding of 100 million



CAST STEEL GATE VALVE

Manufactured in accordance to API 600

Size	DN 50 - DN 600
Pressure class	Class 150#, 300#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium

CAST STEEL GLOBE VALVE

Manufactured in accordance to API 623

Size	DN 50 - DN 600
Pressure class	Class 150#, 300#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium

CAST STEEL SWING CHECK VALVE

Manufactured in accordance to API 594

Size	DN 50 - DN 600
Pressure class	Class 150#, 300#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium

FORGED STEEL GATE VALVE

Manufactured in accordance to API - 602 & ASME B16.34

Size	DN 15 - DN 50
Pressure class	Class 150# to 4500#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium
Ends	Butt-weld, socket-weld, threaded, screwed

FORGED STEEL GLOBE VALVE

Manufactured in accordance to API - 602 & ASME B16.34

Size	DN 15 - DN 50
Pressure class	Class 150# to 4500#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium
Ends	Butt-weld, socket-weld, threaded, screwed

FORGED STEEL CHECK VALVE

Manufactured in accordance to API - 602 & ASME B16.34

Size	DN 15 - DN 50
Pressure class	Class 150# to 4500#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium
Ends	Butt-weld, socket-weld, threaded, screwed

RESILIENT SEATED GATE VALVE

Manufactured in Accordance to SANS 664 - 665 and international standards.

Size	DN 50 - DN 1000
Pressure class	PN 16 to PN 25
Material of construction	Ductile iron, Cast steel
Gate	EPDM Encapsulated

RESILIENT SEATED GATE VALVE

Spigoted ends - Rising or Non rising - Right or left hand closing

Manufactured in Accordance to SANS 664 - 665 and international standards.

Size	DN 50 - DN 600
Pressure class	PN 10 to PN 25
Material of construction	Ductile iron, Cast steel

METAL SEATED WEDGE GATE VALVE

Flanged - Rising or Non rising - Right or left hand closing

Manufactured in Accordance to SANS 664 - 665 and international standards.

Size	DN 50 - DN 1800
Pressure class	PN 10 to PN 40
Material of construction	Ductile iron, Cast steel

CONCENTRIC BUTTERFLY VALVE

Wafer, Lugged and Flanged

Size	DN 50 - DN 1200
Pressure class	PN 10 to PN 25
Material of construction	Ductile iron, Cast steel, Stainless steel
Seal	Nitrile, EPDM, PTFE & Viton

BUTTERFLY VALVE

Eccentric/Double eccentric/Triple eccentric

Size	DN 100 - DN 1800
Pressure class	PN 16 to PN 40
Material of construction	Ductile iron, Cast steel, Stainless steel

BALL VALVE

Full / Reduced Bore

Size	DN 50 - DN 200
Pressure class	Class 150# to 2500#
Material of construction	Carbon steel, Alloy steel, Austenitic Stainless steel, Duplex and Super duplex stainless steel, Nickel alloy, Titanium

SLURRY KNIFE GATE VALVE

Size	DN 50 - DN 600
Pressure class	PN 10 to PN 25
Material of construction	Cast iron, Cast steel
Liner	Urethane

KNIFE GATE VALVE

Size	DN 50 - DN 2000
Pressure class	PN 10 to PN 16
Material of construction	Body: Ductile iron, Cast steel, Stainless steel
Seat	Soft and metal

PINCH VALVE

Size	DN 50 - DN 700
Pressure class	PN 10 to PN 40
Material of construction	Cast iron, Cast steel

DIAPHRAGM VALVE

Size	DN 50 - DN 300
Pressure class	PN 6 to PN 16
Material of construction	Cast iron, Cast steel, Stainless steel
Diaphragm	Neoprene Nitrile, EPDM & Viton
Type	Weir Pattern, Straight Pattern

SLEEVE VALVE

Size	DN 100 - DN 1800
Pressure class	PN 6 to PN 40
Material of construction	Stainless steel

PRESSURE REDUCING VALVE

Size	DN 50 - DN 600 (Flanged) DN 8 - DN 100 (Screwed/threaded)
Pressure class	PN 10 to PN 25
Material of construction	Cast steel

AIR RELEASE VALVE

Size	DN 25 - DN 200
Pressure class	PN 16 to PN 40
Material of construction	Stainless steel

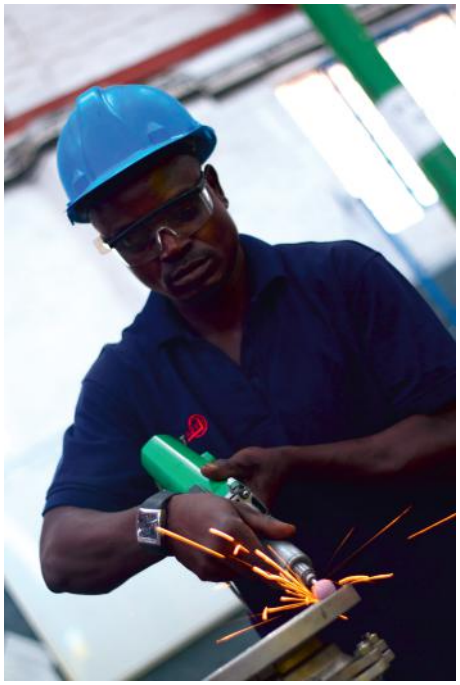
COUNTER WEIGHT CHECK VALVE
TILTING DISK CHECK VALVE

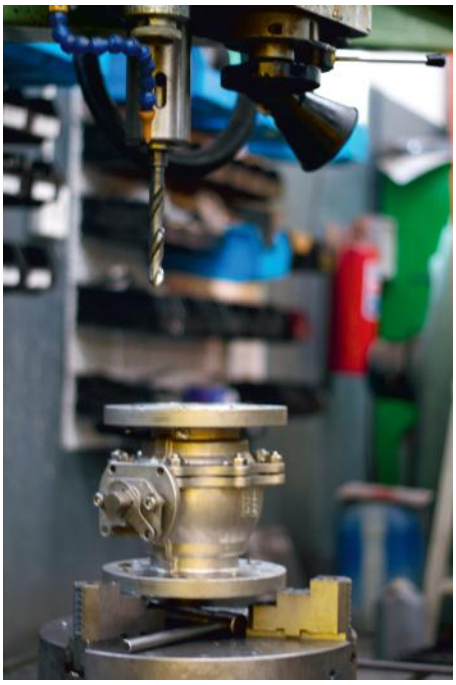
Size	DN 50 - DN 500
Pressure class	PN 16 to PN 25
Material of construction	Cast iron, Cast Steel, Stainless steel

Our valve repair center has a unique combination of highly-skilled technicians that provide on-site, emergency and scheduled repair services. Our services includes,

- Refurbishment & Modification
- Stem Extensions
- Seat Modifications
- Drilling of Valves to customer requirements
- Machining of Valves from Screwed to Socket Weld
- Sandblasting
- Relapping
- Replacements of Seals & Gaskets
- Pressure Testing to Manufacturers specifications
- Valve Conversions eg. Spring Loaded
- Replacement of Gland Packing
- Safety Valve assembly Workshop Facilities & Testing Facilities

Our repair centers located in DURBAN, JOHANNESBURG, CAPE TOWN.





GIVING IS LIFE

"We Make A Living By What We Get. We Make A Life By What We Give."
- Winston S.Churchill

LVSA HELPING HANDS

LVSA Helping Hand's desire is to serve people in need using our corporate resources and those provided by generous donors.

The organization strives to supply human necessities like food, clothing, hygiene products, and stationery to support a healthy lifestyle. Using mobile facilities, we reach out to disadvantaged communities within the country.

VISION & MISSION

LVSA Helping Hands' was literally a dream of the CEO of LVSA Group, he holds feeding the community very close to his heart. It is astonishing to see this dream become a reality.

Helping Hands is centered on selflessness and social cohesion that ensures basic human needs are met. We aim to give every man, woman and child we meet dignity.

THANK YOU

We at LVSA Group would like to thank all donors for any kind gestures, donated to our cause this far. To everyone who will continue to contribute in the future, you ensure that this outreach touches the lives of many people who have little to no means of providing basics needs for themselves

CONTACT US

If you are aware of any community in South Africa who is not being assisted with basic human needs or would like to donate to our cause with time or funds, please feel free to contact us. Donations of time, food, clothing, toys, stationery, toiletries or funds will go a long way in ensuring we give dignity to people all over South Africa.
