

HASS INDUSTRIAL (Pty) Ltd

COMPANY PROFILE

WHO ARE WE?

H.A.S.S. INDUSTRIAL WAS THE FIRST COMPANY IN SOUTH AFRICA TO MANUFACTURE CUSTOM-MADE HEARING PROTECTION DEVICES in accordance with international compliance and standards. We developed a monitoring programme which incorporates **Noise-Ban™** custom-made hearing protection devices. This compliments our customer's Hearing Conservation Program to reduce noise induced hearing loss.

H.A.S.S. GROUP

H.A.S.S. INDUSTRIAL is part of the H.A.S.S. GROUP, a family-owned and run business, established in 1975, focussing on complete hearing healthcare solutions.

OTHER COMPANIES WITHIN THE H.A.S.S. GROUP, INCLUDE:

H.A.S.S. Southern Africa

Agents for Phonak hearing aids (Switzerland) and Advanced Bionics cochlear implants in sub-Saharan Africa.

H.A.S.S. Medical

A distributor of state-of-the-art audiological and electromedical equipment to hearing healthcare providers and industry, with backup calibration and comprehensive maintenance services.

Ear Institute

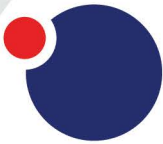

Offering world-class audiological services to both the public and the occupational market, with 29 centers across the country, including two in Namibia.

HEARING PROTECTION

**BIG ON NOISE PROTECTION
SMALL ON SIZE.**

Optimum hearing protection

Eduplex School

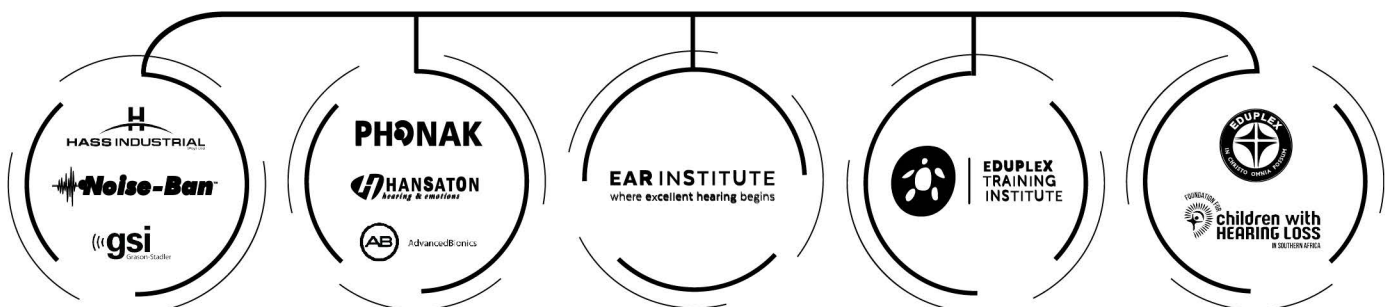

The school is a passion outside the company.

Eduplex is a mainstream private school that started in 2002. It is an international model for inclusive education, with a handful of deaf children per class.

It provides all children with the opportunity to learn on the same standard, in a normal environment, assisted by modern technology such as cochlear implants, hearing aids and FM communication systems.

The school currently consist of a pre-, primary and high school, with a total of 840 learners.
